THURSDAY EVENING, JUNE 7, 1866.

ARRIVED.—The Statesman says that Judge McBride arrived at Boise City on May 30th.

A MARBLE quarry has recently been discovered in Monterey county, California.

SEVENTY-FIVE inches of rain-water fell in Mendocino county, California, from October 1st to May 1st.

THE theatrical managers of Boston have combined to keep negroes out of their theatres in spite of the laws of the country.

A young "swell" in London who dissipated a fortune of \$30,000 per year, now earns \$5 a week as a stage driver.

MISS MACBRADY, daughter of the eminent tragedian, is about to appear before the public as a poetess.

DURING last week there left Red Bluff for Idaho twenty-eight teams, carrying 145,716 pounds of freight.

THE Post Office is now on Second street, about four doors east of the corner of Washington. The Canyon City Stage Office is on the corner of Washington and Second streets.

THE Mayor of Mobile objects to "importing negroes" into that city. He did not object to the massacre of negroes in that city.

It is estimated that the amount of snow on the mountains is double that of the same period last year. It having fallen wet, it packed solid.

THE Arizona Miner earnestly urges the overthrow of the Apaches, now that the regular troops are circulated through the country.

THEODORE Hook once said to a man at whose table a publisher got very drunk: "Why, you appear to have emptied your wine-cellar into a book-seller."

THE Aberdeen (Miss.) Sanny South appears with its columns draped in mourning, in its issue announcing the passage of the Civil Rights Bill over the President's veto.

THE Iberville (La.) South says that the people of that section are now enjoying the only two legacies left them by their Northern brethren—destitution and small pox.

GEN. STRELE and staff passed through town on Tuesday on their way to Camp Lyon, I. T. The party, with a cavalry escort, went by the way of Canyon City to Owyhee.

THE Supreme Court of Massachusetts has decided that a revenue stamp on a note is no part of it, and need not be added; nor does the want of a stamp on the note affect the validity of it unless fraudulently omitted.

GOVERNOR Jenkins, of Georgia, has just issued a proclamation calling on the Courts to enforce the laws lately passed for the freedmen, in order that the necessity for the Bureau may cease.

JUSTICE WAYNE, of the United States Supreme Court, is about to proceed to Georgia for the purpose of holding Court there.—Chief Justice Chase still declines to hold a Court in Virginia.

THE New York Express does not remember a time in the history of that city when there were more idle than at present, and rarely a period when there were more poor people and beggars.

THE Idaho Statesman says that Victor Dowley was sentenced last Saturday to twenty years in the penitentiary upon conviction for murder in the second degree of Jacob Jordan. Deserved all he got.

At a recent steeple chase near Liverpool, thirty horses started; all the favorites were beaten, and the winner was a quaint outsider, whose owner quietly pocketed \$135,000 by the race.

A YELLOW who prided himself on being an F. F. V., was candidate for a clerkship in Washington. Being ordered before the examining board, he was asked: "Are you a grammarian?" He answered, "No, sir; I am a Virginian."

WASCO COUNTY ELECTION RETURNS.

The following is the official vote in this county, for State and county offices. The total number of votes cast for the State ticket, taking the vote on the candidates for Governor, is 768. The vote on the County ticket, taking it on the Clerk, is 630:

The balance of the Democratic ticket is elected by about the majorities above given, except School Superintendent, which is only 25. We understand that it is the intention to contest the election of County Clerk, which, we hope, may prove true, as there are questions of the legality of votes which interest the whole community.

THE river is receding. It has fallen about one foot since yesterday. Several buildings in the rear of the stores on Main street next to the river, have been washed down by the water. The damage done will amount to a great deal more than we at first thought. The sidewalks along Main street have been more or less damaged, and will require considerable repairs. It is thought that the present cold weather is the cause of the receding of the water, and that should the weather turn warm we may yet expect a flooding out.

THE Fenian operations have taken a new aspect at Oswego, New York. Several boxes of a ponderous nature, and marked "machinery," having been received at that place, directed to Patrick Regan, a prominent Fenian, the Government authorities thought it advisable to investigate. The boxes were found to contain 140 Springfield rifles, which were accordingly transferred to the United States fort. It is ascertained that several hundred had been already distributed before the detectives discovered the business.

A NEW YORK telegram of May 19th, says during the four months ending April 30th, 48,722 emigrants arrived at that port, making the total 65,813. From this time forward the heaviest emigration of the year may be expected, and the total is already estimated at 300,000. The influence cholera may exert in checking or accelerating the emigration is not taken into account.

MA. Ferguson requests us to say that he was not one of the party who hissed at Gov. Gibbs on Saturday night last; he was only assisting in getting back the cars. We saw Mr. Ferguson pushing on the cars, and supposed that as he was in the crowd he was equally a party to the disgraceful conduct.
